Olympus LS-10 Linear PCM Stereo Digital Recorders x 2

Start-Stop 4-Channel GoldenEarTranscriber System

Innovations and Features

-Record 4 crystal-clear, independent audio channels
   CD Quality, 44KHz, Wide Dynamic Range Recording System captures the faintest whisper
to the loudest shout. Studio recording quality in a world-class, compact system.

-Start-Stop 4-Channel GoldenEar Transcriber System allows you to instantly select and
listen to any microphone in the room, wherever they are, on the fly!

-Clearly hear and separate speech when multiple people are talking at once

-Exclusive Echo Remover lets you tune out echoes experienced in large rooms, due to
speed-of-sound delays between front and back microphones

-Recording Equipment easily fits in a small briefcase and is totally portable;
Set up to record any size room in less than 5 minutes

-Convenient Infrared Remote Control commands both recorders on simultaneously from
distances up to 100 feet away

-Full bookmarking and labeling of up to 16 spots during transcription playback of the
meeting.

-Meetings can be archived onto any PC hard drive or storage media,
 published to web sites, or burned to a Compact Audio Disc (Audio CD).

Convenient, Powerful, Easy-to-Use Channel Playback Control

Exclusive Artificial Intelligence Interface automatically Matches up Recordings from the recorders for Playback
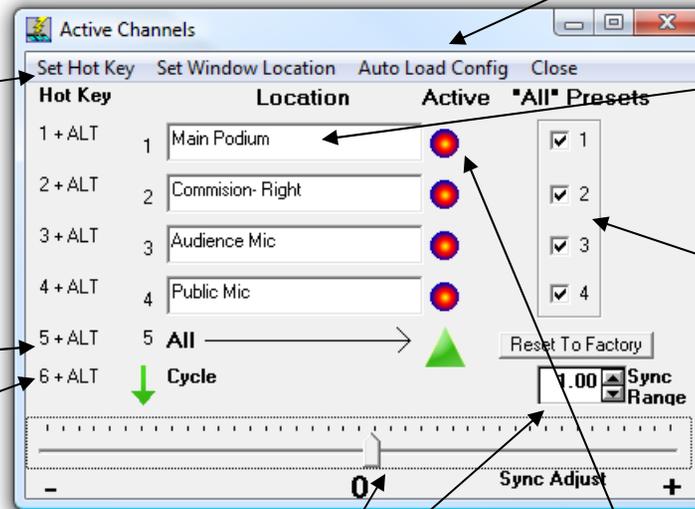

You can label each microphone channel for that particular meeting

User-Settable Hotkeys Control which channel(s) are played back

You can choose which channels you consider "Active" in your "ALL" group.

Convenient hotkey for "ALL" Channels at once playback

Convenient hotkey allows cycling Through 1, 2, 3, 4, ALL channel

Exclusive SYNC Adjust Bar allows Instant echo removal in a large room, Or sync correction for any recording

Active Channels show as Red Lights. Clicking with your mouse on any channel Turns it on by itself for "ZOOM" to that microphone; Clicking on the Green Triangle returns to "ALL" mic playback

Easily isolate and zoom into the person(s) <u>you</u> want to hear, on the fly, while transcribing!
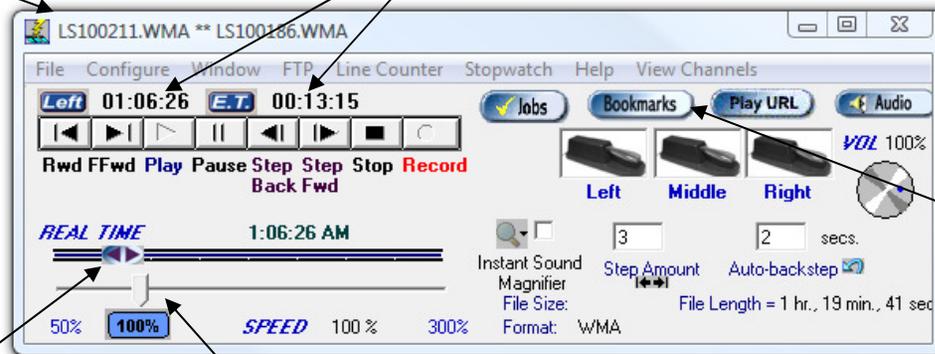

Features of the Main Transcriber Screen

Displays files loaded from the two recorders

Time Remaining and Elapsed Time Displays

Ability to set up to 16
Bookmarks and label them
Per recording, and return to
Them later.

Real Time Slider can be moved
Instantly to any point in the recording

Speed Control allows you to
Speed up or slow down the recordings
From 50% of normal speed to 300% of normal
Speed, in 1% increments
