The Digital Pocket Memo DPM 9370 makes it easy to be productive. This sturdy metal-body digital recorder houses the **largest LC-display in the market** for clear status overview. The DPM 9370 is always ready to take your dictation. Handy, powerful and efficient, you can easily control the latest recording technology with **push buttons**. With the exchangeable SD card, you have virtually unlimited recording capacity and the **.dss file format** generates compact file size for less network traffic and storage space. You may set dedicated positions with **Index Marks** function, for fast later review. Completed files can be quickly transferred to a PC via a USB cable for storage or professional transcription. The Digital Pocket Memo 9370 is packaged with **SpeechExec Dictate**, the easy-to-use dictation download software from Philips.
