Start-Stop® *Yodal Dictation App for BlackBerry®*

© 2010 All Rights Reserved – HTH Engineering, Inc. Tarpon Springs, FL 34688 TEL: (727) 939-8853 <http://www.StartStop.com>

Turn your BlackBerry® into a professional dictation device

Start-Stop Yodal is the future of digital voice recording! Start-Stop Yodal streams your voice recording to our server as you speak. Amendments are incorporated and the file is forwarded by email for transcription using our free Start-Stop Yodal Player application. Use Start-Stop Yodal when you are connected to a network, and your files are sent within seconds of you finishing your recording.

- The only BlackBerry® voice recorder to stream voice recordings in real time using mobile data networks
- Highly-intuitive user interface
- Contextual menus
- High-quality voice recording
- Compact codec generates only 1.2Mb per 10 minutes
- Allows full editing (review/insert/delete) of voice files
- Auto-pause on incoming call
- Email-like folder structure

Encrypted Dictation mode insures security (e.g. HIPAA Compliant)

Full editing controls with simple to use controls and user interface

Robust transmission of dictation when cell coverage is spotty

Start-Stop Yodal will run on any BlackBerry® smartphone that is using BlackBerry® operating system version 4.2 or later. Yodal requires the use of a removeable media card.

Email dictation over your data network!

BlackBerry® smartphones with Yodal can generate professional-quality voice recordings and send them by email for transcription anywhere. Yodal's unique data streaming technology puts the file in the transcriptionist's inbox faster than any other similar product available. Yodal has all the functionality of a dedicated recorder, and has a superbly designed user interface for easy use. Easily edit and review your dictation with full editing controls: insert, delete, append, play, fast forward, rewind, jump to end or beginning, and pause. After recording your dictation send it via email for transcription, archiving, or to send your recorded message to another person.
